

# Uranus

## Color Code

### Instruments

- **Light Pink**- Starts with a small woodwind ensemble
- **Light Blue**- Starts with a big brass fanfare

### Dynamics

- **Black**- Volume stays the same
- **Dark Blue**- Lots of crescendos & decrescendos

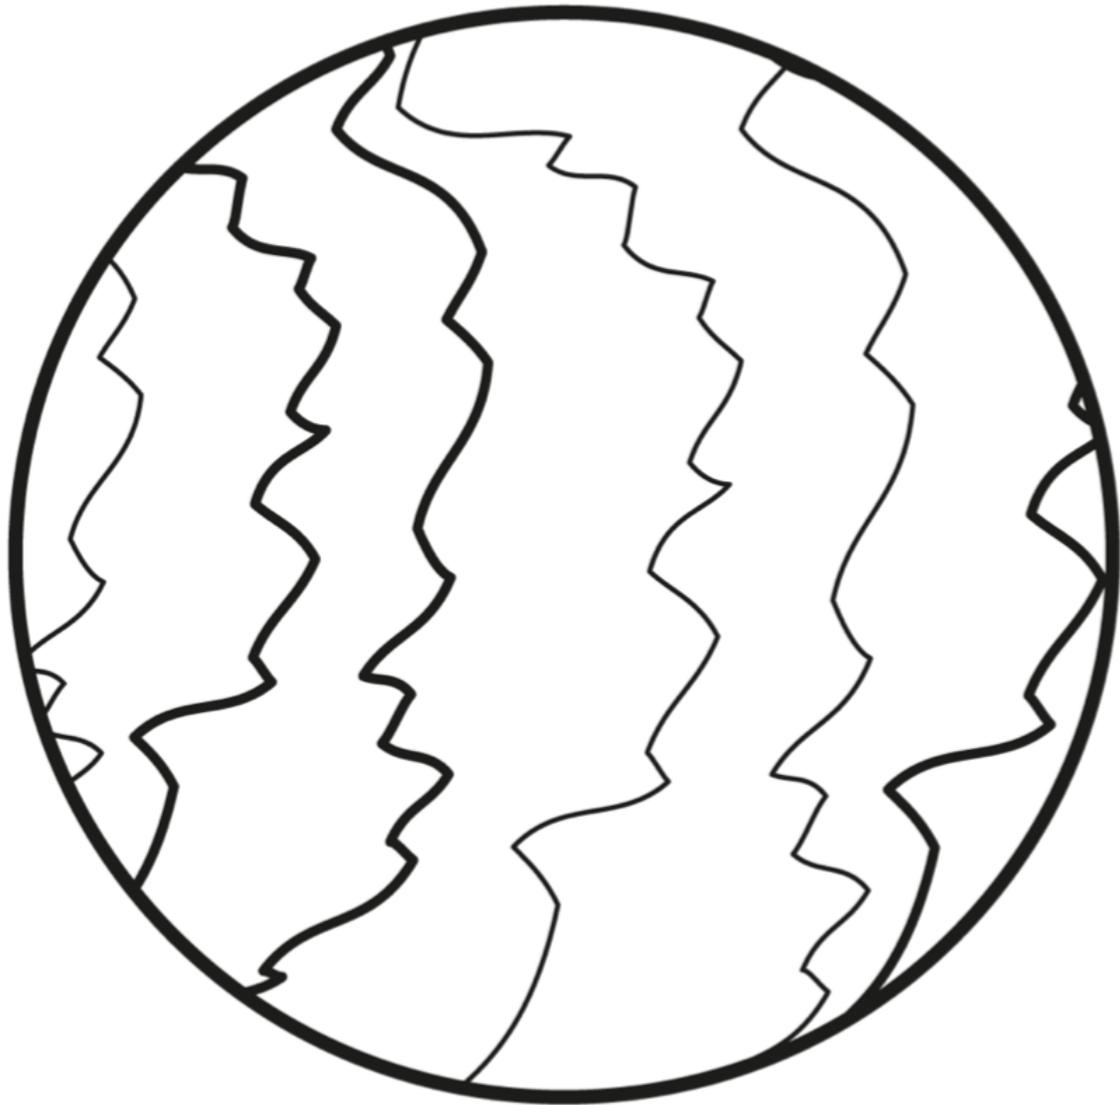

### Mood & Mental Images

- **Green**- Smooth, peaceful, sounds like a swan
- **Teal**- Jaunty, quirky, sounds like *Sorcerer's Apprentice*

### Rhythm

- **Silver**- Moderate tempo, lots of long-short (swung) rhythms
- **White**- Super slow, lots of long notes

# Uranus

Uranus is the seventh planet from the sun. Its blue color comes from the methane gas in its atmosphere. All of the moons of Uranus are named after characters in plays written by William Shakespeare.
